NOVEMBER 2009

President's Remarks

Dear Friends

It was with great regret that the Committee took the decision recently to cancel our forthcoming Revue. Originally we had hoped to postpone it until later in the Year but this wasn't feasible. This decision was not taken lightly and after weeks of recruiting and advertising for members the decision was taken to cancel.

I would like to thank those members who faithfully turned up to Rehearsals for their support, and to our Production Team and the Revue Committee for all the work they had put into planning and putting together a Programme for the Revue.

The Committee have discussed at length the way forward for LAMS during these times, with the Memorial Hall closed and membership dropping.

As you can see from the Dates for your Diary we have planned Fundraising and Social Events over the coming months and The Committee have decided that we should try and produce a show in 2010.

The Committee have been meeting over the last few weeks and have a Short List of possible Shows to read over. Rehearsals will hopefully commence in the New Year and further details will be communicated to you in due course. We hope that we can rely on your continued support.

Andrew
