OCTOBER 2008

President's Remarks

Dear Friends,

Congratulations and well done to everyone for putting on such an excellent show! I appreciate your hard work, determination and commitment, it certainly paid off.

We have received very positive feedback and everyone seemed to have thoroughly enjoyed the concert our 'Farewell to the Memo' and it looks like it has been a financial success. We'll let you know the final figures ASAP.

May I take this opportunity to give a special thanks to the sub-committee; Irene, Eleanor, John, May and Shona, for their combined effort in getting the show on the road.

A group of members and friends thoroughly enjoyed our 'Farewell Party' on the Saturday night after the show. Thanks to Vivien and Kate for organising this.

Unfortunately after the Revue, Kenny Douglas indicated that he was unavailable to direct our show for this year, and since then the Committee have been looking for a new Director.

We have interviewed possible candidates and are pleased to announce that Tom Gemmell will be our Director for our forthcoming production.

Tom is a drama teacher and in the past his experience has been in "straight" theatre with a variety of companies in Glasgow, and with TheatreFusion, a company he co-founded in 1998. He has recently embarked on directing/producing in musical theatre and has directed two shows with Our Lady's HSFP Light Opera Society in Motherwell. He is passionate about drama, about story-telling, and about giving the audience a good night out. We look forward to welcoming Tom to our Rehearsals.

Andrew
